School Goals

At Mountain View, we work to actively and intentionally make a shift away from an individualistic system to a collective system, where we work together to benefit all.

Mission: Mountain View is a safe and caring community where students are important, accepted, and successful while developing academic and social emotional skills

Vision: Mountain View is the place to be! We want everyone in the Mountain View community to know that our school is a place where they belong, are safe, valued and contribute

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

We encourage students to make positive behavior choices by implementing Positive Behavior Intervention and Support (PBIS). PBIS is a program designed to teach respect, responsibility, and safety at our school. Through instruction, comprehension and regular practice, all staff members will implement a consistent set of behavior expectations and rules. When some students respond in unexpected ways, we view it as an opportunity for re-teaching, not punishment.
